Fraudsters are targeting businesses by registering domains similar to that of genuine UK universities. They're using these domains to contact UK businesses and order high value goods!

Action Fraud ([National Police Fraud Squad](#)) are advising that you:

Ensure that you verify and corroborate all order requests from new customers. Use telephone numbers or email addresses found on the retailers website – do not use the details given on the suspicious email for verification purposes.

If the order request is from a new contact at an organisation that's an existing customer, verify the request through an established contact to make sure it is legitimate.

Check any documents for poor spelling and grammar – this is often a sign that fraudsters are at work.

Every Report Matters – if you have been a victim of fraud or cyber crime, report it to Action Fraud online or by calling 0300 123 2040.

Did you know, apricot kernels have been known to contain high levels of cyanide!

The Food Standards Agency (FSA) advise that you do not eat these products.
